

PU3616US2

REMARKS

Claims 12, 13, 15, 16, 20-21 are pending in this application. The Examiner has required restriction to one of four groups. Applicants elect without traverse Group III drawn to methods of lowering serum triglycerides in a mammal, for proceeding with prosecution on the merits.

The Examiner has also requested election of a single compound. Applicants elect the compound GW4064 (formula II). New claim 36 provides a genus of compounds (formula I) that encompasses GW4064; the parent application hereto issued as US Patent No. 6,639,078 with claims to both GW4064 and the genus of formula I.

Respectfully submitted,

Virginia C. Bennett
Attorney for Applicant
